

HELP TO GET YOU STARTED

Uptravi
selexipag
tablets | 200-1600 mcg

UPTRAVI is available in the following strengths:

200, 400, 600, 800, 1000, 1200, 1400, and 1600 micrograms

YOU HAVE SUPPORT RIGHT FROM THE START

This pamphlet can help as you get started with UPTRAVI® (selexipag). First, it's important to know that you are not alone. You have support available to you at each step, starting with your healthcare provider.

YOUR HEALTHCARE PROVIDER

Your healthcare provider can enroll you in *Actelion Pathways*® and will continue working with you closely.

YOUR FAMILY AND FRIENDS

Family and friends may be able to help you keep track of important appointments or paperwork and can offer you support.

YOU

You play an active role in your care. Stay in contact with your healthcare team and reach out with any questions or concerns you may have.

YOUR SPECIALTY PHARMACY

A specialty pharmacy will ship UPTRAVI to your home and may offer additional support services.

YOUR ACTELION PATHWAYS® CASE MANAGER

If you choose to enroll in *Actelion Pathways*, your Case Manager will coordinate with your healthcare provider, insurance company, and specialty pharmacy to learn if you have insurance coverage, and will inform you of possible financial assistance programs.

Read more about the roles of Actelion Pathways® and your specialty pharmacy on the right.

WHAT YOU CAN EXPECT AFTER THIS OFFICE VISIT

Once your healthcare provider sends in the prescription, you will be on your way to receiving your first UPTRAVI® (selexipag) shipment. You can expect:

A CALL FROM ACTELION PATHWAYS® (1-866-228-3546)

If you are enrolled in Actelion Pathways, a Case Manager will:

- Help coordinate with your healthcare provider, insurance company, and specialty pharmacy to find out if you have coverage for UPTRAVI
- Let you know about possible financial assistance programs based on your eligibility

A CALL FROM A SPECIALTY PHARMACY

Either CVS/specialty or Accredo specialty pharmacy will call you to discuss financial responsibilities and shipment information.

You or your healthcare provider may have chosen additional support services such as an in-home nurse visit. Your specialty pharmacy will help you to schedule this.

Calls may come from a number you do not recognize. If you miss the call, try to call back as soon as possible to make sure your UPTRAVI shipment is not delayed.

If you would like more information, contact:

Actelion Pathways® at

1-866-ACTELION (1-866-228-3546)

or visit ActelionPathways.com.
