What is UPTRAVI?
• UPTRAVI is a prescription medicine used to treat pulmonary arterial hypertension (PAH) which is high blood pressure in the arteries of your lungs.
• UPTRAVI can help slow down the progression of your disease and lower your risk of being hospitalized for PAH.

It is not known if UPTRAVI is safe and effective in children.

Who should not take UPTRAVI?
Do not take UPTRAVI if you
Take gemfibrozil because this medicine may affect how UPTRAVI works and cause side effects.

What should I tell my healthcare provider before taking UPTRAVI?
Before you take UPTRAVI, tell your healthcare provider if you:
• have liver problems.
• have narrowing of the pulmonary veins, a condition called pulmonary veno-occlusive disease.
• are pregnant or plan to become pregnant. It is not known if UPTRAVI will harm your unborn baby.
• are breastfeeding or plan to breastfeed. It is not known if UPTRAVI passes into your breast milk. You and your healthcare provider should decide if you will take UPTRAVI or breastfeed. You should not do both.
• have any other medical conditions

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements. UPTRAVI and other medicines may affect each other causing side effects. Do not start any new medicine until you check with your healthcare provider.

How should I take UPTRAVI?
• Take UPTRAVI exactly as your healthcare provider tells you to take it. Do not stop taking UPTRAVI unless your healthcare provider tells you to stop.
• Your healthcare provider will slowly increase your dose to find the dose of UPTRAVI that is right for you.
• If you have side effects, your healthcare provider may tell you to change your dose of UPTRAVI.
• UPTRAVI can be taken with or without food. Taking UPTRAVI with food may help you tolerate UPTRAVI better.
• UPTRAVI is usually taken 2 times each day.
• Swallow UPTRAVI tablets whole. Do not split, crush or chew UPTRAVI tablets.
• If you miss a dose of UPTRAVI, take it as soon as you remember. If your next scheduled dose is due within 6 hours, skip the missed dose. Take the next dose at your regular time.
• If you miss 3 or more days of UPTRAVI, call your healthcare provider to see if your dose needs to be changed.
• If you take too much UPTRAVI, call your healthcare provider or go to the nearest hospital emergency room right away.

What are the possible side effects of UPTRAVI?
The most common side effects of UPTRAVI include:
• Headache
• jaw pain
• muscle pain
• pain in arms or legs
• pain in joints
• decreased appetite
